**Bricks Bots & Beakers  
is your Birthday Party Solution!**

**\*\*themes of your choosing\*\***

### **Bricks**

From step-by-step building classes for kids who like structure, to creative, open-ended classes for kids who like to explore, our programs appeal to all types of learners.

### **Bots**

Coding comes naturally to children through the authentic, real-world application of programming robots.

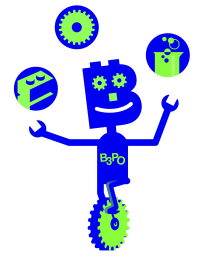

### **Beakers**

From forming hypotheses to drawing conclusions, kids become scientists and have a blast. We also explore our world around us; space, nature and animals.

## The S.T.E.A.M. Solution For Your Child

Curricula that features direct instruction is key to building STEM skills and knowledge in preschool children. B3 classes help children build executive function skills including; organizing information, staying focused, strategizing, planning, and exercising self control.

***“Just as with language and literacy, STEM education should start early in order to maximize its benefits and effectiveness”***

Elisabeth McLure PhD. February 3, 2017 Sowing the Seeds for Successful STEM Learning in Early Childhood. Preschool Mayters Today. National Institute for Early Education Research. Rutgers University.

**11 Winter Classes \$220 ~ 12 Spring Classes \$240**

**Pay for 2 Sessions NOW for \$440 (save \$20)**

***Don't forget we do Birthday Parties ALL Year!***

**Fill out the form below and give to your Guide with \*payment.**

***\*Make checks payable to “Bricks Bots & Beakers of Central NJ”***
